Good Morning Hugh...

I've been thinking about you, but had difficulty getting back for "alligators" in my path. I guess that's the way of it sometimes.

I think you are working on 1 of the City's most important problems. At least that's the case in the BIDs in which I'm working. I'd like to learn more about it.

At this moment, I can't put my hands on the report you wrote that was distributed at the BID Consortium Meeting at which we met. Can you send it to me? Also there was an earlier report that the Public Works used as a basis for paring alternatives. Can you send me that 1 as well?

When is the next scheduled hearing by Public Works related to sidewalks? And what will be their consideration at that time?

Thanks Hugh. I appreciate your help.

Donald - I scribbled a note that you asked for a copy of a [sidewalk related] report but I'm not certain what you wanted. Can you tell me again what you were looking for? Sorry for my poor note taking.
